*"You are braver than you believe, stronger than you seem and smarter than you think."*  
—A.A Milne

The premium qualities that a student needs to acquire in life are open mindedness, multi-cultural orientation, global outlook, multiple intelligence and abilities. One needs to believe that these qualities are possible to be achieved.

We at St. Vincent Pallotti School Nashik aim at providing facilities that incorporates inquiry, research, confidence building, and critical thinking through academic as well as non-academic activities. This second issue of News Letter will give us a glimpse of talents exhibited by our students.

My prayerful wishes to every student as we go ahead in this challenging situation.

The **COVID-19** has resulted in schools shut all across the world. Globally, over 1.2 billion children are out of the classroom. As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms. We at St. Vincent Pallotti School Nashik have also come out with novel ways to provide online facilities for our young students to explore their talents and to continue with their academic learning processes.
